

The steps you take, can make a  
WORLD of difference.

Be a participant in the  
2008 STEP 4K Walk!  
Saturday 3:30pm

**STEP = Student Tuition Expense Program**

STEP helps children and young people in 14 countries receive  
an education in a Christian environment.

Can you imagine kids in this country sitting in a classroom  
that has no desks, chalkboard or books?

What if their classroom was out in the forests of Thailand?  
Or in an unheated room high in the Andes mountains of Chile?

How do you choose between feeding your family  
or buying the required school uniform?

A monthly contribution of \$15/child or \$25/young person provides not  
only for the student's educational needs, but also for assistance  
with food, clothing, books, and other school supplies.

During the **World Mission Conference** you will have the chance to be the  
feet of Christ, and take some STEPs to change a life! The STEP walk  
fundraiser is 4 kilometers or 2.5 miles. There's no age limit to participate!

Enclosed is a sheet so you can get folks to sponsor you. Ask your friends,  
family, neighbors and your congregation for pledges to sponsor you per  
kilometer or to give a lump sum donation no matter how far you walk.

Checks should have the sponsor's name and address on it and be payable to  
**"International Ministries"**. We will be happy to send them a receipt after

the conference. Just imagine, 12 sponsors giving \$15 each covers an entire year for a child!

Do you want to participate but don't think you can walk the entire 4 kilometers? That's OK! We will have a car circulating the route to pick you up. And the walk is held rain or shine!!

When you come to the conference remember to bring three things:

- 1) your sneakers
- 2) your sponsor sheet & checks
- 3) your smile - because you are going to have fun!!

The STEP walk is one of several "Mission in Motion" opportunities offered on Saturday afternoon. We hope you will seriously consider being a part of this vital fundraiser for a terrific program!!
